

Call for Contributions for the HoFoNa Forum of Ideas 2024

The *Forum of Ideas* is organized by the network of emerging higher education scholars (HoFoNa) in the German-speaking countries and an integral part of the annual conference of the Gesellschaft für Hochschulforschung (GfHf). It offers emerging scholars the opportunity to present their research projects at the GfHf Annual conference and to exchange ideas with and receive feedback from other scholars. This year, the Forum of Ideas will take place on **24th or 25th of September 2024 in Hagen, Germany.**

The HoFoNa Forum of Ideas offers space to present and discuss PhD-projects at different stages. Emerging scholars can either present finished projects as well as first ideas or conceptual elements of their research and related (for example, methodological) questions.

This year we offer two formats at the HoFoNa Forum of Ideas:

- Paper: Here you present your research projects / work in the course of a lecture. As presenter, you will have 30 minutes including discussion with the scientific community (at least 10 minutes should be reserved for the discussion).
- Poster: Here you can present your research project/thesis as a poster and you have the opportunity to exchange ideas with the university research community during the GfHf Annual conference. The posters should be printed in the format A0 (84 x 119 cm; partitions are provided).

If you are interested in presenting a paper the HoFoNa Forum of Ideas at the GfHf Annual conference or presenting a poster, send us an abstract with the title and a short description of your research work/project to hofona@gfhf.net (300 – 500 words, PDF document).

Application deadline is **1st of June 2024.**

If you have any questions, you are warmly welcome to contact the HoFoNa board at any time. We are very much looking forward to receiving your contributions and seeing you in Hagen!

On behalf of the HoFoNa board Cornelia & Mara
